From: \$15.15 Per Linear Foot

Safe staircases are a necessity, accessibility standards specified in building codes require the installation of 2 inches of slip resistant color contrast at every step edge. Our code-compliant cast-in-place stair nosing can be installed in different colors complying with all safety standards including contrast requirements. The stair nosing for step edge are available in different sizes to apply on stairs with different depths and edge design. The Ecoglo Step Edge Cast in Place Stair Nosing's, are
