Tactile "glued" to existent surface

From: \$12.40 Per sqft

Accessibility legislation requires installation of TWSI's on existent surfaces. Our Surface Applied TWSI's, come as wayfinding bars, attention domes and step edge stair nosing to safely guide visually impaired people. Our code-compliant tactile solutions come in tiles or single domes / bars. Tiles come in different sizes and can be cut to fit various applications including curved surfaces, making it easy to install without ripping out existent surfaces. Our surface applied tactile solutions are available in
