Stair nosing “glued” or “screwed” to existent surface From: \$7.40 Per Linear Foot

Safe staircases are a necessity, accessibility legislation requires the installation of 2 inches of slip resistant color contrast at the edge of every step. Our Code Compliant Step edge and Stair Nosing Solutions can be “glued” or “screwed” to any existent surface when creating a new floor isn’t needed. Our code-compliant surface applied stair nosing can be installed into stairs of different materials and colors while complying with all safety standards including contrast requirements. The stair nosing for
