## Tactile Single Domes & Bars

From: \$1.99

Accessibility legislation requires the mandatory installation of tactile walking surface indicators for all floors. For situations in which maintaining the visually appealing aesthetics of floors is a priority, the tile solution would not be as appropriate as installing the single domes or bars solutions, making them the perfect choice to guide and assist the visually impaired to safety. Our Code Compliant Tactile Solutions include attention domes and wayfinding bars, which are drilled and adhered into the ground.
