## Detail

Armor-Tile Cast in Place takes pride in being the leading manufacturer for tactile walking surface indicator systems. The Armor-Tile Cast in place truncated domes are made from a diamond-hard vitrified polymer composite making them the industry leader for their durability, strength, weather and wear resistance. The truncated domes are available in 10 different colours creating clear boundaries to ensure separation and safety for pedestrian's route from vehicular traffic. The tactile walking surface indicators (TWSI) have many more applications including curb ramps, escalator approaches, parking areas, transit platforms, top of stair landings/wheelchair ramps, multimodal transit stations, pedestrian crossings and vehicular passage ways. Armor Tile cast in place domes are in full compliance with Canadian accessibility codes AODA, CSA, ISO, provincial and national building codes (Ontario's tactile walking surface indicators).
