Advantage Tactile Systems Steel Cast-In-Place One Plate With Bars From: \$138.87 Per sqft

Detail -

Advantage ONE Plate™ Tactile Walking Surface Indicators

(TWSI) have been designed for all interior accessibility solutions.

Advantage ONE Plate™ indicators are machined from a solid piece of 316L Marine Grade Stainless Steel and fastened to a solid Stainless Steel Plate.

This process enhances the aesthetics of the tile, but also have been proven to be strong and durable.

Advantage ONE Plate $\!^{\mathrm{I}}$ incorporates an integral texture in the stainless steel for permanent slip resistance.

Our products have undergone a rigorous series of tests to ensure that they meet and exceed guidelines developed by the AODA, CSA, ISO, and provincial and national building codes.

Advantage ONE™ TWSI products offer the lowest lifecycle cost, and eliminates long term safety concerns and accessibility limitations.

Tactile Walking Surface Indicators (TWSI) products for the following and many more applications.

Product Features

- 316L, Marine grade stainless steel
- Innovative adhesive capture design
- Optimum anti-slip design
- Resistant to heavy traffic abuse and maintenance machinery
- 5 year manufacturer's warranty
